

SSP – Site Management Safety Training Scheme Refresher

Aims

It covers all relevant legislation affecting safe working in the building, construction and civil engineering industries. It highlights the need for risk assessment in the workplace, the implementation of the necessary control measures and adequate communication to sustain a health and safety culture within the workforce.

Who Attends

The SMSTS refresher course is for any delegate who has attended the five-day Site Management Safety Training Scheme (SMSTS) Course, and whose SMSTS card / certificate is due to expire.

Course Content

- Legislation, ACOP updates with discussions on impact and practical aspects of compliance.
- Overview of proposed/impending legislation.
- Accident statistics, costs, causes, management responsibilities/methods in prevention.
- HSEs current focus on construction activities.
- Safety management systems, policies, plans and performance measuring.
- Management of Contractors.
- Communication and consultation aspects, effective use of toolbox talks and site inductions
- Behavioural science including awareness of human error, stress and prevention

Syndicate exercises:

- Prevention of accidents
- Motivating safety behaviour
- Planning for health and safety in relation to fire safety, working at height, manual handling, and movement of people within the context of a project.

By the end of the SMSTS refresher course of training delegates will be:

- Aware of and able to implement all updated health, safety, welfare and environmental legislation which affects them in their role as a manager.
- Aware of and able to implement new guidance and industry of best practice.
- More aware of their duties and responsibilities with regards to health, safety, welfare and the environment.

Course Duration

This is a 2 day course.
