

COURSE DIRECTORY

Welcome to SIBBALD

Our family run business has been delivering training for over 30 years, with a reputation for providing outstanding course delivery and customer service.

Why Choose Sibbald Training?

- ✓ 200+ training courses, assessments & vocational qualifications, providing a full offering to keep your employees safe & compliant.
- ✓ Accreditations from the leading awarding bodies, supporting a wide range of sectors including construction, utilities & civil, logistics & distribution and manufacturing.
- ✓ Course delivery options of face-2-face, eLearning or virtual delivery, allowing flexible learning to fit with your availability and location.
- ✓ Training provided throughout Scotland at our accredited centres in Blackridge, Glasgow, Stonehaven, Aberdeen and nationally at your locations. We deliver training where you need it.
- ✓ Ongoing investment in green technologies, allowing our business to be run in a sustainable manner.
- ✓ Partnerships with industry, further education to provide funding and career opportunities.

An industry leading training facility in Central Scotland

- ✓ Blackridge Training facility is one of the largest in Scotland with 50,000m² of external training area and 16 classrooms, giving your employees space to learn and access to a wide range of facilities in a single location.
- ✓ Strategic location with excellent road and rail links all within close reach of Glasgow, Edinburgh, Stirling & Perth, allowing quick and easy access.
- ✓ Two cranes permanently on site with training delivered in two zones allowing for realistic operator and slinger/signaller courses to be run simultaneously providing a flexible calendar of training dates.
- ✓ Large external plant operating training area with zones including trenching support, roads & radius bends and loading bays to allow a wide range of training to be delivered.
- ✓ Material handling plant and access equipment training delivered in a safe and controlled environment within an all weather facility where all levels of experience can be supported.
- ✓ Training facility includes a CSCS Health, Safety & Environmental test facility, virtual classroom & plant simulator room designed to provide a positive environment for delegates to learn in.

Our unique facility is one of the largest in Scotland with 50,000m² of training space and an experienced team of over 40 employees.

Indoor facility for delivery of New Roads & Street Works assessment whatever the weather.

Realistic approach to confined space through training in our 35m long tunnel.

ConStructEd collaboration with further education to put academic theory into practice in a safe environment.

Sustainability through Investment in green electricity solutions, EV charging stations and vehicles.

Testimonials

“We have found the service offered by Sibbald Training to be exemplary. They have provided solutions to our training requirements with ease, and offered competitive rates in doing so.

All the staff been fantastic to deal with, and have been excellent in answering any queries I have had. I would not hesitate to recommend them to anyone in the construction industry.

“All the staff been fantastic to deal with...”

“I felt like I walked away with a good understanding of the course. The instructor was very clear and engaging from start to finish, professional and funny.

“... Instructor was very clear and engaging...”

When I first started booking training for our company I was overwhelmed, to say the least! The team at Sibbald have been so professional and helpful through every step of the process. They even arranged to have one of the Business Development Managers come out to the office so we could sit down and go over the different training courses offered, and what was required to get the bookings made. There is always an open line of communication with Sibbald, from general queries to issues with specific bookings.

I appreciate their support and all that they do.

Consultancy Services

We support your business to ensure all your Health & Safety legal requirements are met, through our in-house team of experts. Our team has a wide range of occupational knowledge developed through years of industry experience and offer Health & Safety Consultancy Services.

We can assist with all your health & safety requirements by offering a service tailored to meet your company's needs.

This can range from one-off reviews or ad-hoc requirements through to ongoing support with a retained contract. Our approach is to offer a flexible service which provides you with a cost-effective way to meet your legal requirements while promoting a positive health & safety culture.

Here are the areas we cover:

- Health & Safety Certification and Compliance Checks
- Creation and review of Health & Safety Policies
- Updates on Legislative changes and support on implementation
- Workplace inspections and audits
- Act as Competent Person to advise on organisational safety as legally required under the MHSWR
- Accident and incident investigation
- Review of contractor documentation

How to get in touch?

Customer Services Team

Our team have years of experience and can guide you through available courses, dates, venues, and any pre-requisites required to attend training.

The customer services team are available by phone, email or live chat.
