

CITB Temporary Works Co-Ordinator

Aims

The two day Temporary Works Co-ordinator Training Course provides delegates who have responsibility for managing all forms of temporary works with the knowledge and confidence to engage with contractors, and the competence to reach an assessed standard of knowledge.

Who Attends

The TWCTC course is intended for senior managers and any delegates who work with contractors involved with the planning, procurement and management of temporary works, including those who may undertake a Temporary Works Coordinator role.

Course Content

Emphasis throughout the course to the importance of communication, co-ordination, co-operation and competency (the 4Cs), risk management, safety and business relations.

Allowing the Temporary Works Co-ordinator (TWC) to:

- Understand the need for and duties of a Temporary Works Co-ordinator
- Understand the role of others
- Have a detailed knowledge and understanding of BS5975 in respect of this role.

Temporary works are usually safety and business-critical and require careful co-ordination.

An accepted way of achieving this is through the adoption of the management process outlined in BS5975 which introduces the Temporary Works Co-ordinator as a key figure.

This course explains the (TWC) role and the overall management context within which it sits. High risk can occur on small as well as larger sites hence understanding the essentials of good safety risk management, as outlined in BS5975, is relevant for projects of all sizes.

Course Duration

This is a two day course.
