

IPAF (Triple) Product - Operator

Aims

This industry leading course will provide delegates with the knowledge and practical skills to safely operate powered access equipment.

This IPAF Operator course with practical training session and assessment covers three powered access products - Mobile Vertical (3a), Mobile Boom (3b) & Static Boom (1b).

Who Attends

Those who operate, supervise or manage the use of powered access equipment including scissor lifts (3a), self-propelled boom lifts (3b), self-propelled boom lifts (3b) and static boom lifts (1b).

Those who need to use only one category of powered access equipment should attend the Single Category course - Scissor Lift (3a) / Boom Lift (3b) / Static Boom (1b).
